### `console.log(About_Me);`

I am an easy-going and friendly person, I am passionate about simple solutions to complex problems. Currently, I am two months away from completing my Front-End Development program at Medieinstitutet Göteborg.

My expertise spans web development, Agile WoW, CI/CD, and I possess fundamental experience in automated testing. I am also certified in English at the C1 CEFR level by Cambridge University. I really enjoy graphic design and UI/UX, and I'm always looking to improve myself. Currently I am learning MySQL to expand my skillset\_

### `System.print.out(Work_Experience);`

#### **Internship: Intern - HiQ-West Volvo Penta Digital Services**

At HiQ I honed my development skills while working with an exceptional team. This role allowed me to gain valuable insights into effective collaboration, navigating the complexities of an established organization, and fostering a positive work environment with supportive colleagues.

#### **Part Time: Loader - Säv plant nursery**

Balancing my part-time job with my studies, i had to effectively manage my time to meet daily objectives in a high-stress fast-paced environment. This experience not only funded my personal interests but also honed my adaptability and collaboration skills.

#### **Summer Job: Ferie - Volvo Group Trucks Technology, Vehicle Automation**

During the summer of 2018 I managed inventory and conducted quality testing. This role broadened my skills and fostered a strong attention to detail and precision\_

### `Console.Write(Education);`

#### **Medieinstitutet Göteborg: Vocational college, Front-End Developer**

Working with the web has been a life goal come true as of recently, I have a burning passion for all things WWW and I am always learning new things within the industry.

#### **Chalmers University of Technology: Master's in Technology, Computer Science**

While at Chalmers, I realized my passion for web development. I chose to pause my studies to begin a web development-focused education, with intentions to eventually return and finish my degree at Chalmers.

#### **Lund University; Faculty of Engineering: Master in Technology, Information and Communication**

Despite the excellent educational experience, personal circumstances led me to discontinue my studies at Lund. This experience, however, provided me with a strong foundation that I have built upon throughout my career\_
